Cosmetic companies in Nouvelle-Aquitaine, southwest France, meet the need to develop ingredients and niche cosmetic product ranges in direct relation with the producers.

These innovative SMEs, familiar with high-tech, have extensive know-how in new digital distribution channels.

JANUARY 2018, THE COMPETITIVENESS CLUSTER COSMETIC VALLEY OPENS AN OFFICE IN NEW AQUITAINE TO DEVELOP A PROXIMITY NETWORK OF COSMETIC COMPANIES, RESEARCH LABORATORIES AND TRAINING ORGANISMS, WITHIN A NATIONAL AND INTERNATIONAL NETWORK.

- » Cosmetic Valley Competitiveness Cluster, the leading resource center world-wide in perfumery-cosmetics know-how, research and training, enabling regional companies to participate in calls for projects from the Cluster and to develop their businesses
- » Support for individual projects involving innovation and international development
- » Grouped participation in trade shows focusing on innovations in the international perfumery-cosmetic sector (Cosmetic 360, In Cosmetics)
- » The establishment of one DEST (territorial sectors of strategic excellence) addressing the topics of:
 - Lipochemistry and enhancement of plant resources for cosmetic applications
